

## WAN NUR IDHAM BIN WAN MUHAMAD

**Address** : No. 3 Jalan Keris 14, Taman Rashna,  
41300, Klang, Selangor.  
**Mobile** : (+60) 167659237  
**Email** : [deheofficial@gmail.com](mailto:deheofficial@gmail.com)

### PROFESSIONAL SUMMARY

I am a motivated and detail-oriented System Developer with hands-on experience in software development, system maintenance, and web solutions. Demonstrated ability to work on enterprise-level projects, collaborate with cross-functional teams, and provide technical support and improvements for government-related systems.

### EDUCATION

#### UNIVERSITI TEKNOLOGI MARA (UiTM) SHAH ALAM

(March 2022 – July 2024)

*Bachelor of Information System Engineering with Honors (3.13)*

#### UNIVERSITI TEKNOLOGI MARA (UiTM) KUALA TERENGGANU

(Sept 2019 – Feb 2022)

*Diploma in Computer Science and Mathematics (CGPA: 3.63)*

### PROFESSIONAL EXPERIENCE

#### TRIDIMAS SDN. BHD. (PUCHONG, SELANGOR)

(Aug 2024 – Present)

##### Software Developer

- Leading efforts to revamp the My Visa Portal system (Immigration System), collaborating with cross-functional teams to ensure an upgraded, efficient, and secure system.
- Providing 2nd level support for the E-Visa project, with the company acting as a vendor for the Malaysia Immigration system.
- Responsible for performing system maintenance, including identifying and resolving bugs, root cause analysis of errors, and providing solutions to improve system performance.
- Preparing regular work reports and updates for the supervisor, detailing progress, challenges, and resolutions for ongoing projects.
- Contributing to system testing, ensuring that new features and updates meet functional requirements and end-user expectations.

#### KUMPULAN SEMESTA SDN. BHD. (SHAH ALAM, SELANGOR)

(March 2024 – July 2024)

##### Software Developer (Internship)

- Developed a Cash Management System for Finance Department of Kumpulan Semesta Sdn. Bhd.
- Implemented the Cash Management System and made reengineering to the manual paper based on Petty Cash Claim System.
- Implemented security measures in the system to protect user data and ensure safe transactions.
- Performed full testing to ensure the system meets user expectations.

#### FREELANCE WEB DESIGNER

(Feb 2022 – April 2022)

##### Interactive Web for Ludic Asia

- Conceptualizing website design ideas that simplify and enhance user to effectively communicate interaction and design ideas.
- Executing all visual design stages from concept to final hand-off to engineering includes creating visually appealing designs that align with the clients' branding.
- Code webpages or entire websites and are responsible for the site's navigation and the design of buttons and other controls.

### ACADEMIC PROJECT

#### The Development of Applying Image Recognition YOLO V8 in UiTM Sport Equipment Management System

(2024)

##### Final Year Project

- Developed an image recognition system using YOLO V8 for UiTM Sport Equipment Management.
- Investigated the effectiveness of YOLO V8 in recognizing different types of sports equipment.
- Implemented the image recognition system, made reengineering to the manual paper based on UiTM Sport Equipment Management System and provide recommendations for further system improvements.

**Final Group Project**

- Developed a modernized reservation system for Backpackers' Homestays using web development tools.
- Analyzed the economic viability of the new system, including cost-benefit analysis and return on investment.
- Implemented safety measures in the system to protect user data and ensure secure transactions.
- Performed extensive testing to ensure the system is user-friendly, efficient, and robust.

**ACHIEVEMENTS & EXTRACURRICULAR**

---

Third place in Hockey of Karnival Sukan Majlis Sukan Universiti Malaysia (MASUM) 2023 represent UITM

**(2023)**

Charity Program titled "Smart Village" organized by College of Computing Informatics and Mathematics

**(2023)**

Third Place in Malaysia Junior Hockey League represent Terengganu Hockey Team

**(2016)****RELATED SKILL & LANGUAGES**

---

**Software** : JAVA, PHP, Python, Adobe Premiere, Adobe Photoshop, Adobe Illustrator, Microsoft Office

**Database** : MySQL, Oracle, MongoDB

**Language** : Bahasa Melayu (Full Professional), English (Professional Working)
